## Application Requirements:

Full Company Name

Tax Identification Number

Type of Business

Address

Desired Cybris Package

## Get affordable comprehensive coverage for the following:

### Privacy Breach Liability

Payment in case of a privacy breach lawsuit for online or offline breaches

### Security Breach Liability

Payment in case of a security breach lawsuit

### Ransomware Financial Assistance

Assistance in case your computer system is held hostage by "ransomware" for restoration costs

### Regulatory Response Expenses

Payment for claim expenses, fines, or penalties arising from actual or alleged privacy or security breaches

### Payment Card Industry Fines and Penalties

Payment for fines or penalties because of failure to comply with Payment Card Industry Data Security Standards

### Deductible

Each package comes with a deductible. A deductible is the participation of the insured during a claim. It's an out of pocket cost that must be paid during a claim before your insurance coverage kicks in.

## What kind of businesses can purchase CYBRIS?

CYBRIS can be purchased for any company or business entity registered with the BIR and either incorporated by the SEC or certified by the DTI to assist you in case of cybersecurity and privacy issues. However, we do have a few restrictions.

### We DO NOT insure the following:

- ✗ Government bodies or agencies
- ✗ Schools, colleges, or universities (except training centers)
- ✗ Utilities or telecommunications companies
- ✗ Airline companies
- ✗ Hospitals (except clinics, health and wellness centers)
- ✗ Finance or financial-related institutions (except insurance agencies/brokers)
- ✗ Nuclear-related companies
